- In case any material/property of the Gwalior Sahakari Dugdh Sangh is damaged due to misuse or mishandling or carelessness by the Contractor or his employees, the Contractor will immediately inform the Incharge of Sanchi dairy Plant Banmore . In such a case, the Contractor will be liable to replace the item at his own cost or the Gwalior Sahakari Dugdh Sangh shall have the right to recover the loss from the Contractor's bill. The decision of the Gwalior sahakari dugdh sangh in this matter will be final.

**Operator required & Timing of operation of the Plant Operator deployment:**

1. **Usually one trained operator required per shift(A,B,C shift) and one supervisor in general shift in a day but it is not mandatory. It will be up to the tenderer to decide how many workers will be required to operate the plant 24hrs hours in a day.it is mandatory to maintain the prescribed temperature of milk & milk Product of the plant through continue & smooth ,trouble free functioning of ammonia plant.**
2. **Timing of Operation:** As per requirement from 08.00 hours to 20.00 hours per Day in regular three shift A And B And C. it may be run 24 hrs per day as per requirement of maintaining desired temp into MCR,PCR,IBT Coils Tank All Deep Freeze etc. **Deployment of Operators:** Contractor should deploy sufficient numbers of manpower to complete the overhauling/repairing and maintenance jobs during the contract period and provide suitable number of skilled/semi-skilled staff for operation and maintenance of the plant.
3. **Total days of operation:** As per necessary (Approx), however it may increase or decreased depending on requirement.
4. **Prior intimation will be given to the contractor for carrying out operation outside the office hours mentioned above.**

**PENALTY:**

- i. Rs.500/- per day shall be deducted from the payment if complaints are not attended within the given period of time or within 12 hrs. from the time of lodging the intimation . After carrying out the repair ,the service personnel shall submit the service report.
- ii. Rs. 4000/- per day shall be deducted from the payment if plant is not operated during the exhibition period or whenever required inspite of prior intimation given to the contractor for carrying out the operation of ammonia refrigeration plant.

**Maintenance of Records:**

The Contractor has to maintain the following records:

- a) Attendance Register of the Staff
- b) Daily/weekly/monthly preventive and overhaul maintenance register cum-logbook.
- c) Inspection Register

All the above mentioned Registers shall be checked by the I/C PO and I/C Engg both.

**Facility to be provided by Gwalior Sahakari Dugdh Sangh**

GSDS will provide the following free of cost to the Contractor

- a) Electricity for operation and repair/maintenance of Plant.
- b) Water.

**Contract Period:**

The period of contract will be initially one year from the date of award of work and may be extended for a further period of one year depending upon the Satisfactory performance and on the same rates, terms and conditions upto three years. However, decision of the CEO of GSDS shall be final in this case.

### **Safety Clause**

The contractor shall ensure necessary safety measures in compliance with standard norms and practices for operation and maintenance of Ammonia Refrigeration Plant.

### **PLANTS OPERATION:**

The Operator Must be maintain temp as prscribed into below table.It is Mandatary.

### **Required Temperature of various place of New Dairy Plant Banmore as follows.**

S.N.	Place	Required Temperature
1	MCR(Milk Cold Room)	Below 05 degree celcius
2	PCR (Product Cold Room)	Below 05 degree celcius
3	All D.F.(Deep Freeze)	Below (-)10degree celcius
4	IBTCoils Tank	Below 00 degree celcius
5	Milk and Milk Products	Below 05 degree celcius

### **SPECIFIC DUTIES OF OPERATORS:**

- a) Routine operation of the system as per requirement
- b) Seasonal starting and stopping of the system as per requirement.
- c) Taking all required readings regularly, maintaining the log book record up to date with observations ,if any.
- d) Operations like pump down, removing and charging refrigerant ,purging ,leak testing ,evacuation and dehydration and all others related to obtained desired Temperature on required point and products.
- e) Cooling water and chilled water system leakage detection in the plant.
- f) All other routine inspections to ensure smooth running of the plants as well as those which are otherwise related to satisfactory plant operations ,viz.,safety related checks.
- g) All other works as required to control the temperature as per the above table.

- h) Performing all the operations according to standard methods, without damaging other working parts of the system.
- i) Maintaining operation logbook for the inspection of I/CPO and I/CEngg
- j) Taking adequate insurance cover against all risks for the persons deployed by the contractor.
- k) Monitoring temperatures of MCR,PCR,IBT Coils Tanks all Deep Freez & Note into logbook on prescribed space and do all necessary action for maintaining desired temperature of all dairy products stored into MCR,PCR, IBT Coils Tanks all Deep Freeze.

**Sir,**

Name of work:	Operation and Maintenance of Ammonia Refrigeration Plant installed at New dairy plant AB Road Banmore, Morena MP
---------------	--

Dear Sir,

HAVING EXAMINED AND PERUSED THE FOLLOWING DOCUMENTS

Notice Inviting Tender

Instruction to the Tenderer

General Conditions of Contract

Format & Requirement for submitting Technical Bid

Format & Requirement for submitting Financial Bid Technical

Specifications of items for which tender issued

I/We.....do here by submit tender for Operation and Maintenance of Ammonia Refrigeration Plant installed at New dairy plant AB road Banmore, Morena MP as per the quoted rate and in all respects in accordance with the conditions applicable.

I/We enclose herewith a online transaction acknowledgement for Rs.20,000/- as Earnest money .I am aware that the Earnest Money will not bear any interest.

If this tender is accepted, I/We agree to abide by and fulfill all the terms and provisions in the tender documents and agree to enter in to an agreement with all the conditions that may be stipulated by the Gwalior Sahakari Dugdh Sangh Maryadit or in default there of pay to the GSDS the sum of money mentioned in the said condition without prejudice to any other right of the Gwalior Sahakari dugdh sangh maryadit.

I/We hereby distinctly and expressly declare and acknowledge that before the submission of this tender, I/We have carefully followed the instructions and I/We have understood the existing system of supply in the Gwalior Sahakari dugdh sangh maryadit, including the scope and nature of duties expected from the Tenderer.

I/We distinctly agree that I/We would hereafter make no claim or demand upon the GSDS based upon or arising out of any alleged misunderstanding or misconceptions or mistake on my/our part of the said contract, agreements, stipulations, restrictions and conditions.

Any notice required to be served on me/us shall be sufficiently served on me/us by post (registered or ordinary) or courier or left at my/our address furnished herein.

I/We fully understand the terms and condition of the contract to be Entered in to between me/us and the GSDS and the written agreement shall be foundation of the rights of both the parties and the contract shall not be deemed to be completed until an agreement has been signed by me/us and the Gwalior Sahakari dugdh sangh maryadit.

Date this        day of 2024

ANNEXURE-A**SCOPE OF WORK**

The Operator Must be maintain temp as prescribed into below table. It is Mandatory.

**Required Temperature of various place of New Dairy Plant Banmore as follows.**

S.N.	Place	Required Temperature
1	MCR(Milk Cold Room)	Below 05 degree celcius
2	PCR (Product Cold Room)	Below 05 degree celcius
3	All D.F.(Deep Freeze)	Below (-)10degree celcius
4	IBT Tank	Below 00 degree celcius
5	Milk and Milk Products	Below 05 degree celcius

**A. PREVENTIVE MAINTENANCE****Monthly:**

1. Routine inspection and maintenance works to be done in any one of working day.
2. All safety and indicating devices to be checked up.
3. Current & Voltage measurements for all the plants in full load.
4. Routine inspection and maintenance of all electrical items like Switches/ Cables etc.
5. Cleaning of all the all Air Handling Units installed in MCR, PCR, IBT Coils Tanks Deep Freeze and equipments, machine, tanks valve etc..
6. Cleaning of air filters and replacement when ever required.
7. Inspection of be lts and adjustment/replacements if required.
8. Checking of all Air Handling Units installed in MCR, PCR, IBT Coils Tank Deep Freeze and Equipments fan motor, Impeller, Impeller housing, shaft ,bearing and replacement if required.

Seal & Sign of tenderer

As a acceptance

9. Recording various readings and calculating tonnage of plants, calculating the cooling tower efficiency.
10. Cleaning the cooling towers.
11. Checkup for possible leakages in the refrigeration system.
12. Checking of electrical panels.
13. Cleaning of all filters.
14. Checking of cooling tower nozzles, sprinklers, cooling tower motors/fans and servicing/ replacement if required.
15. All such works which are instruct by authorized person by written or oral regarding the operation of plant and temp. maintaining purpose.
16. MCR ,PCR,IBT Coils Tank, all Deep Freeze Blower Fan Motors Belts Frame etc repair and Maintenance should be done regular basis.

**Quarterly:**

1. Cleaning of cooling tower coils & all Air Handling Units installed in MCR,PCR,IBT Coils Tank, Deep Freeze Coils
2. Lubrication of bearings of motors and other machinery
3. Tightening of V-Belts.
4. Cleaning of Pot Strainers in water circuit.
5. Checking of safety control and switches/replacement if required.
6. Calibration of meters and gauges/replacement if required.
7. Cleaning of contact switches, checking of relays ,timer etc./replacement if required.

Seal &Sign of tenderer

As a acceptance

8. Cleaning of Equipments outlet like diffusers, grills etc.
9. Cleaning of cooling coils.
10. All such works which are instruct by authorized person by written or oral regarding the operation of plant and temp. maintaining purpose.

**Annual:Overhauling of complete Ammonia Refrigeration plant and accessories:-**

Total plant overhauling shall be done once a year, preferably in winter. Prior permission shall have to be taken from the I/CPO and I/C Engg both for the job.(Required materials shall be supplied by the Gwalior Sahakari dugdh sangh Maryadit after provided list of required spare parts by the tenderer.)

- a. Condenser to be disalced on half yearly basis.
- b. Compressor and accessories to be serviced.
- c. All motor to be greasing and servicing.
- d. Main electrical control panel to be serviced.
- e. Control panel along with gauge to be serviced.
- f. All coils to be cleaning with suitable chemical.
- g. Dumper and duct with diffusers to be serviced.
- h. Cooling tower and accessories to be serviced.
- i. Any other part of the Ammonia Refrigeration plant, not covered by the above, to be serviced also.

• **Visit at milk chilling centre daboh in district Bhind MP**

- i) The periodic and visit on call at milk chilling centre Daboh in Dist. Bhind MP for servicing & fault removal in Ammonia Refrigeration Plant installed at MCC Daboh is also included in scope of work of the tenderer.

Seal & Sign of tenderer  
As a acceptance

**A. BREAKDOWNMAINTENANCE:**

The firm has to attend to the unscheduled service calls as and when required for locating the faults and rectify the same within 04 hours. In case of any break down or any abnormal functioning of the equipment, the same has to be brought to the notice of the I/C PO and I/C Engg both immediately and necessary remedial measures would be taken immediately as required /advised.

**B. GENERALCONDITIONS**

1. No additional payment will be made for transportation of equipment from the Gwalior sahakari dugdh sangh maryadit to parties work shop or delivery of the materials to the Gwalior sahakari dugdh sangh at any point of time.
2. The works of urgent nature should be attended immediately whether it is office hours or holidays for which no additional charges will be payable. If the party fails to maintain or to carry out the repairs of any defect to the satisfaction of the office, then the Gwalior sahakari dugdh sangh, in order to keep the Ammonia Refrigeration Plants running will undertake the works of getting it done. Through outside agency and cost incurred there by will be deducted from the firm's bills.
3. All Compressors should be maintained in optimum condition. The compressors will be checked for proper functioning. The defective spares and consumables like oil will also be supplied by the GSDS as and when required.
4. Refrigerant gas Ammonia will be provided as and when necessary by the Gwalior Sahakari Dugdh Sangh after receiving written demand before 15 days of actual required time.
5. All such items should be original and no additional charges will be payable for these materials at any point of time.
6. The party must ensure availability of the spares in their stock to handle any break-down without delay.
7. The party shall make good all the losses occurred during servicing, overhauling, repairing and maintenance of plants.

**C. INCLUSIONS**

The following routine maintenance work shall also be carryout by party with supply of consumable materials will be provided as and when necessary by the Gwalior Sahakari Dugdh Sangh after receiving written demand before 15 days of actual required time

- (i) All oils and greases for lubrication of compressors, fan bearings ,motors bearings ,pivots and other moving parts.
- (ii) All refrigerant Ammonia Gas All consumable filter elements/rolls.
- (iii) All chemicals for the correct chemical treatment of the cooling tower and chilled water system and cleaning of filters and coiling coil.
- (iv) All carbon brushes required to replace worn brushes in electric motors.
- (v) All electrical contact points required to replace worn electric contact points in switchgears, motor starter gears, electronic control gears and electric relays.
- (vi) All electric fuses required to replace blown fuses.

Seal & Sign of tenderer  
As a acceptance

**D. EXCLUSIONS:**

1. Every effort will be made by the Contractor in servicing condenser and chilled water pumps and if they go beyond repair, they would be rewind by the Gwalior sahakari dugdh sangh. However, the labour cost for rewind will be borne by the firm, under maintenance contract.
2. Works related to replacement of AHU( Air Blower), sheet metal panels, base tray and thermal insulation – materials will be provided by Gwalior sahakari dugdh sangh, work to be carried out by the Firm under AMC.
3. Works related to water piping, cooling tower uprights, fills, cooling tower PVC panels – materials will be supplied by the GSDS and work will be done by the firm under AMC.
4. Works related to ducting, duct lining, false ceiling and masonry / steel structure works.
5. Replacement of valves in the cooling tower area, but effort should be made to repair/rectify by servicing. The valves required for replacement will be supplied by the GSDS and the work will be done by the firm under AMC.
6. Replacement of MicroVee filters in AHU or other machines & equipments. If replacement is necessary, the Micro Vee filters will be supplied by the Gwalior sahakari dugdh sangh and the work will be done by the firm under AMC.

Seal & Sign of tenderer  
As a acceptance

7. Replacement of electrical cablings, incoming power supply switches.
8. Any replacement required because of theft or fire.
9. Any modification, shifting ,alteration to suit future requirements.
10. Any repairing/ replacement of water distribution system, namely piping and valves.
11. Replacement of cooling tower fills, gear assembly & fan blade assembly.
12. Replacement of any equipment as a whole, *e.g.*, pumps, condenser ,shell & tube chiller motors, AHU cooling coil for AHU, compressor etc.
